PRODUCT GUIDEBOOK

NISUS[®]

Better science for a better world.

NISUS CORPORATION HAS ONE
GOAL THAT GUIDES EVERYTHING
WE DO: HELP OUR CUSTOMERS

GROW.

In the Pest Control Division, this means creating products that save you money by reducing cost and reducing labor. We also create programs to help you grow your customer base and create new revenue streams. Plus, it means delivering the highest quality product on a consistent basis.

WDO INSECTICIDES

PRODUCT

ACTIVE INGREDIENTS

PACKAGING SIZES

BENEFITS

Bora-Care®

Disodium Octaborate
Tetrahydrate (DOT)

1 Gallon Container:
4 per Case, 36 Cases
per Pallet
5 Gallon Container:
32 per Pallet

A penetrating wood treatment used to kill and prevent termites, carpenter ants, wood boring beetles and decay fungi. A new construction primary and remedial termite treatment.

Bora-Care with Mold-Care®

Disodium Octaborate
Tetrahydrate (DOT)
and Didecyl Dimethyl
Ammonium Chloride

**Dual Chamber
Mold-Care 1 Pint &
Bora-Care 1 Gallon
Container:**
2 per Case, 36
Cases per Pallet

This dual-chamber product uses Mold-Care to kill existing mold and Bora-Care helps inhibit growth of 57 types of fungi, including wood decay fungi. Used on wood surfaces in new and existing construction as well as flood clean-up.

Jecta®

Disodium Octaborate
Tetrahydrate (DOT)

10 fl. oz. Tube: 6 per
Carton, 4 Cartons per
Case, 44 Cases per
Pallet

A concentrated borate gel for drill & inject application to sealed, painted or moisture-laden wood. Controls and prevents decay fungi, carpenter ants, termites and wood-destroying beetles.

Tim-Bor® Professional

Disodium Octaborate
Tetrahydrate (DOT)

1.5 lb. Bag: 8 per
Case, 150 Cases per
Pallet
25 lb. Pail: 48 Pails
per Pallet

A water-soluble borate powder that acts as a wood preservative, fungicide and insecticide to control and prevent wood decay fungi, drywood termites and carpenter ants.

GENERAL PEST INSECTICIDES

PRODUCT	ACTIVE INGREDIENTS	PACKAGING SIZES	BENEFITS	
Fireback® 	Pyrethrins, Piperonyl Butoxide, Permethrin	17 oz. Can: 12 per Case, 90 Cases per Pallet	Kills bed bugs, fleas and ticks (adults and larvae), lice and louse eggs and 20 other listed pests. Kills crawling insects and provides residual protection for up to three months. For indoor or outdoor use; non-staining.	
DominAnt® Liquid Ant Bait 	Sodium Tetraborate Decahydrate (Borax)	16 fl. oz. Bottle: 12 per Case, 88 Cases per Pallet 1 Gallon Container: 4 per Case, 48 Cases per Pallet	Quickly attracts ants. Controls and kills common household ants and their colonies.	
DominAnt® 1% Liquid Ant Bait 	Sodium Tetraborate Decahydrate (Borax)	1 qt. (32 oz.) Bottle: 12 per Case, 55 Cases per Pallet	Specifically formulated for very large or multi-queen ant colonies. DominAnt 1% has all the attractants of regular DominAnt, but with a 1% active ingredient. The lower AI allows for greater consumption, which helps spread the bait throughout the larger colonies.	
Magnetic Roach Bait™ 	Boric Acid	1.23 oz. Syringe Reservoir: 4 per Carton, 5 Cartons per Case, 192 Cases per Pallet	Along with a boric acid active ingredient, Magnetic Roach Bait is made with food-grade ingredients to give cockroaches an irresistible taste. Apply as a crack and crevice treatment using a bait gun.	

GENERAL PEST INSECTICIDES

PRODUCT	ACTIVE INGREDIENTS	PACKAGING SIZES	BENEFITS
Niban® Granular Bait 	Orthoboric Acid	4 lb. Comfort Grip® Shaker: 6 per Case, 40 Cases per Pallet 10 lb. Bag: 4 per Case, 48 Cases per Pallet 10 lb. Bag Bulk Pack: 100 Bags per Pallet 40 lb. Box: 48 per Pallet	A weatherized granular borate bait used outdoors or indoors to kill and control cockroaches, ants, silverfish, crickets, carpenter ants, earwigs, slugs and snails. 
Niban-FG® Fine Granular Bait 	Orthoboric Acid	1 lb. Bottle: 12 per Case, 60 Cases per Pallet 4 lb. Container: 6 per Case, 32 Cases per Pallet	A moisture-resistant, fine granular borate bait similar to Niban consisting of fine particles that can be dusted into cracks, crevices and voids. It can be used indoors and outdoors to kill and control silverfish, earwigs, cockroaches, ants and carpenter ants. 
Nibor-D® 	Disodium Octaborate Tetrahydrate (DOT)	5 lb. Container: 6 per Case, 32 Cases per Pallet 15 lb. Container: 80 per Pallet	A borate powder used as a dust, foam or liquid in crack and crevice applications. Prevents and controls cockroaches, small flies, ants, carpenter ants, crickets, silverfish, earwigs, boxelder bugs, cluster flies, centipedes, millipedes, ants, mildew and fungi. 
Nibor-D® + IGR 	Disodium Octaborate Tetrahydrate (DOT), Pyriproxyfen Insect Growth Regulator (IGR)	21 oz. Can: 6 per Case, 48 or 90 Cases per Pallet	A ready-to-use aerosol foam that targets small flies and cockroaches. Quickly apply to voids, drains, cracks, crevices and non-food contact surfaces. Cans feature an up-down valve for 360° application, a full cone spray actuator for regular spray applications, and a drain actuator with a 17" semi-rigid detachable hose. 

FOAMING AGENT

PRODUCT	INGREDIENTS	PACKAGING SIZES	BENEFITS
Profoam® Platinum 	Sodium Decyl Sulfate, Sodium Lauroampho Acetate, Sodium Lauryl Sulfate (not a spray adjuvant)	1 qt. Bottle: 6 per Case, 88 Cases per Pallet 1 Gallon Container: 4 per Case, 48 Cases per Pallet	ProFoam Platinum is a non-repellent foam used with pesticides for hard-to- reach areas such as cracks and crevices. It minimizes the amount of pesticide needed while maximizing pesticide delivery and effectiveness. Safe to use in food establishments. 

***NOTE:** Profoam Platinum is a foaming agent and is **NOT** a pesticide.*

EQUIPMENT

PRODUCT	TYPE	PACKAGING SIZES	BENEFITS
Blue Bait Gun 	Equipment	One Unit per Box	The Blue Bait Gun is a precision unit that dispenses exactly the amount of bait needed, then retracts to eliminate drippage. It works with all standard 1.23 oz. application tubes. 

DISINFECTANT

PRODUCT	ACTIVE INGREDIENTS	PACKAGING SIZES	BENEFITS
Nisus DSV™ 	Four Types of Quaternary Ammonia Disinfectants	1 Quart Container: 6 per case, 90 cases per Pallet 1 Gallon Container: 4 per Case, 48 Cases per Pallet	A concentrated disinfectant, cleaner, mildewstat, fungicide and sanitizer. Kills a broad spectrum of viruses, bacteria and fungi. One gallon makes up to 65 gallons of solution, depending on the use. Disinfects water-damaged areas and public facilities such as schools.

BIO-SANITATION

PRODUCT	INGREDIENTS	PACKAGING SIZES	BENEFITS
Bac-Azap® 	7 Strains of Microbes	1 qt. Bottle: 12 per Case, 55 Cases per Pallet 1 Gallon Container: 4 per Case, 48 Cases per Pallet	Encapsulates odor, then a blend of natural microbes go to work to consume organic odor-causing matter, eliminating the source of the odor. Excellent for eliminating dead animal, urine and other organic odors, and for keeping drains clear of organic build-up.
Foam Fresh® 	7 Strains of Microbes	18 oz. Can: 8 per Case, 90 Cases per Pallet	Foaming action encapsulates odor, then the Foam Fresh fragrance replaces any remaining odor until it dissipates. Seven strains of microbes consume the organic matter causing the odor. Breaks down gunk in drains and eliminates organic odors such as urine, smoke and dead animals.

NOTE: Bac-Azap and Foam Fresh consume fats, oils and grease, as well as other organic material. They are **NOT** pesticides.

CLEANER

PRODUCT

INGREDIENTS

PACKAGING SIZES

BENEFITS

Mold-Clean®

Sodium Hypochlorite,
Disodium Metasilicate

1 Gallon
Container: 4 per
Case, 48 Cases per
Pallet

A ready-to-use, pleasantly scented wood and surface cleaner formulated to remove stains caused by mold and mildew. Cleans and brightens weathered wood.

NOTE: Mold-Clean is a stain remover and is **NOT** a pesticide.

REPELLENTS

PRODUCT

ACTIVE INGREDIENTS

PACKAGING SIZES

BENEFITS

Snake Out®

Cinnamon Oil, Clove
Oil, Cedar Oil, other
ingredients

**4 lb. Comfort Grip
Shaker:** 6 per Case,
40 Cases per Pallet
25 lb. Pail: 80 per
pallet

Made from natural substances such as cinnamon, clove and cedar oil that snakes find offensive or alarming. Easy-to-apply powder can be used wherever snakes are not wanted, keeping them away naturally.

Web Out®

Thyme Oil, Lemon-
grass Oil, Citronella,
Sodium Lauryl Sulfate

1 qt. Bottle: 12 per
Case, 55 Cases per
Pallet
1 Gallon Container:
4 per Case, 48
Cases per Pallet

Made from essential oils and vinegar. Kills spiders, helps prevent spider web attachment on any surface that may support them and makes webs easier to remove. Also acts as a contact pesticide to kill and repel other general pests such as mosquitoes and cockroaches.

PESTS

See individual product labels for specific species.

STRENGTH THROUGH DIVERSIFICATION

You can strengthen your company by diversifying your offerings. Adding a new area of service or expanding into new markets will make your company stronger. Nisus can help in the following areas:

UNLIMITED GROWTH POTENTIAL

You can create growth with Bora-Care termite new construction treatments by gaining new customers and converting them to general pest customers. You will be creating two recurring revenue streams with annual termite renewals and quarterly general pest accounts.

COMMERCIAL ACCOUNTS

Your company will gain new commercial accounts with our small fly program. Small flies continue to be a problem for most commercial kitchen accounts, even those with a pest company. This program gets you in the door, then you can build on that success.

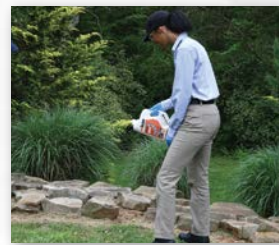

BIO-SANITATION SERVICE

Add bio-sanitation service to your commercial and residential routes. Bio-sanitation cleans tough areas where bio-film builds up around equipment legs and in corners, cracks and crevices and drains that normal cleaning cannot. Commercial accounts have cleaning budgets that are much larger than pest control budgets. Foam Fresh is an aerosol bio-sanitation product that can help clean organic matter from tight places and reduce organic odors.

GRANULAR BAIT

Niban only affects target species. Non-target species like bees and butterflies don't eat the bait, and customers appreciate that. You can also save money by switching from granular insecticides to granular baits. Rainy weather and heat do not stop application and will not slow down your technicians.
